

Princess Anne Plaza Civic League
Bow Creek Recreational Center
December 12, 2017

The meeting was called to order by President Betty Warren at 6:30 p.m. and went immediately to Officer Crawford's presentation so the evening's dinner could begin.

Officer Crawford asked everyone to be mindful of their surroundings during the holidays whether it was receiving packages at home or if they were shopping, and he provided crime prevention pamphlets. 1st Precinct report: Police identified and arrested robbery suspects (who were from Alabama and Pecan Gardens). All crimes, many of which are crimes of opportunity, are down except for robberies. Police are still working to resolve the problems experienced on Raintree Road. 4th Precinct: Overall crimes are down although destruction of property went up as did narcotics violations. Officer Crawford said "traffic calming" measures are being put into place so don't speed.

Mr. Howard from the City of Va. Beach Code Enforcement said inspection letters are going out on rental properties in Princess Anne Plaza. They are also looking at inoperable vehicles, trailers and boats. Call the City at 385-4421 if you have any issues to report.

Mike Mundy, City of Va. Beach Public Works, gave an update on drainage projects in Princess Anne Plaza and Windsor Woods/Windsor Oaks as follows: Windsor Woods Canal – ran into contract problems, should start work in January; Windsor Oaks West 1 – project done; Windsor Oaks West 2 – Dominion Power issues briefly stopped work and should be done by January. Windsor Oaks West 3 – City is currently working with residents on easement issues; Princess Anne Plaza #2 and 4 canals are done, work is starting on the 3rd; City is hoping for a January start date on the Presidential canal project. When asked about a stormwater pump on S. Plaza Trail, Mundy advised there is only a sewer pump station. He also invited attendees to peruse the City/Stormwater webpage and noted there are two questionnaires on it.
