Direct: (757) 385-1978

Office: (757) 385-4131

Cell: (757) 619-8580

I was asked 4 questions during my presentation of the canal dredging projects. Below are the questions and the City's responses:

1. Question: Is the Northgate canal work behind Forest Trail completed? The adjacent property owner wants all debris removed from the area. This was a request made to you last month.

Answer: Yes. *The cleaning of the ditch behind Forest Trail is completed. The inspector and project manager have left notes with the property owner and they provided*

contact info to the property owner should he have any additional questions.

2. Question: When will the Thalia extension (Windsor Woods or Presidential Canal) dredging actually start and be completed? The status report keeps pushing the date out.

Answer: *The Contractor is currently removing vegetation. The dredging equipment is scheduled to start working in the canal on February 26th. The Windsor Woods Canal Dredging project is scheduled to be completed by June 28, 2018.*

3. Comment: Tell the surveyors not to throw cut vegetation into the canals.

Response: *The surveyors were advised of the concern.*

Garden Club News

By Nancy Harmon

Ahhh, Spring, when the meadow comes alive with bird songs and bluebells. Blustery days will give way to puddle jumping. Ladies of Princess Anne Plaza Garden Club begin to tend to their little gardens. No matter your age, gardening will keep you strong and cheery. Our elementary schools have learned how calming it is to bring students outside to dig into the soil, plant a seed and watch nature's miracle. This spring, the Club will enjoy learning about specialty gardens such as English Victorian, Old Princess Anne County, Front Porch Ghent, or how about Virginia Beach Urban Vibe. Gardens take on your own personality. I must admit, mine is a collection of "this and that," heirlooms from family and friends. As Emerson said, "A friend may well be reckoned the masterpiece of nature." Happy Spring, my friends.

Answers

All vegetation thrown into the canal will be removed during the dredging operations.

4. Question: Is there going to be any more FEMA money besides the \$5.3 M reimbursement money?

Answer: Our Emergency Management Division is always seeking FEMA grant opportunities for our City.

If you have any additional questions or comments, please do not hesitate to send them to papww@vbgov.com (This is a new email address set up specifically for receiving comments and questions about the Princess Anne Plaza – Windsor Woods project) or call me.

Stalking Defined

By Transitions Family Violence Services
, "a pattern of behavior directed at a specific person that would cause a reasonable person to feel fear." Therefore, when someone's actions can be clearly identified as intending to create fear in another, the stalker can be guilty

of a class 1 misdemeanor or higher, according to the Virginia Law code § 18.2-60.3. The key in reporting a stalker to law enforcement officials is conveying the level of fear his actions produce. The legal definition of FEAR IS NOT THE SAME AS THE DICTIONARY DEFINITION OF FEAR. For legal purposes demonstrating a reasonable level of fear would mean the victim has been forced to make adjustments in her behavior as a result of the stalkers actions; such as constantly taking different routes to work, avoiding certain areas, or going to a different congregation.
